

**SECTION 5.2****ENVIRONMENTAL POLICY STATEMENT**

Castings Plc's senior management will provide leadership and commitment to adopt policies, processes and procedures, which will lead to the continual improvement in environmental performance

Specifically the company is committed to:

- Maintaining an Environmental Management System in accordance with the ISO 14001 standard.
- Establishing procedures to review the impact of current or new activities or processes on the environment.
- Reviewing audit results and to initiate corrective action to address any deficiencies found within the Company's environmental management system, policy, objectives or targets.
- Using techniques to avoid; reduce or control pollution.
- Complying with all relevant legal requirements, process, planning and discharge authorisations, as appropriate to its operations.
- Pursuing best practice techniques in the use of energy and raw materials.
- Ensure chemicals and substances are managed to minimise any environmental impact
- Encouraging the beneficial re-use, recycling and recovery of its waste products.
- Ensuring that environmental issues are considered when making decisions to invest in capital plant and in the planning and controlling of manufacturing processes.
- Promoting environmental awareness throughout the company and to ensure that personnel whose activities have the potential to cause a significant impact on the environment receive appropriate training.
- Ensuring that suppliers and contractors adopt environmental practices on site that are compatible with our exacting environmental standards.
- Establish and maintain adequate contingency procedures and plans to deal effectively with any accidental discharge or emission of pollutants.
- Communicate our Environmental Policy Statement to persons working on our behalf and any interested parties.
